

# D365 & POWER PLATFORM STRIKE TEAM ACCELERATOR

**RAPID CLARITY.  
CONFIDENT SCALE.  
AI-READY  
FOUNDATIONS.**

Many organizations are investing in Dynamics 365 and Power Platform but lack confidence that their environment is ready to scale or support AI. Our strike team parachutes in to cut through complexity, assess platform health and ensure your foundation is ready before expanding or introducing AI.

## **Our Experts Immediately Get to Work**

Our strike team embeds quickly to assess your Dynamics 365 and Power Platform environment across architecture, data, governance and scalability, aligning people, process and platform to surface what matters most.

## **Turn Platform Uncertainty into Clear Direction**

We move beyond surface-level assessments to deliver a prioritized roadmap, highlighting risks, gaps and opportunities so you can scale with confidence and avoid costly missteps.

## **Insight Leaders Can Act On**

You receive a leadership-ready view of platform health, governance maturity and AI readiness, along with a 90-180 day action plan to guide investment decisions.

## **Built for Scalable Growth**

Our strike team establishes the guardrails needed for expansion and AI adoption, delivering a clear action plan that ensures your platform is stable, governed and ready to grow.

***Move from platform uncertainty to confident scale in weeks, not months.***
